Secretary Root is quoted as saying that he is losing $125,000 a year by staying in the cabinet. If that's so our advice to Secretary Root would be to get out of the cabinet, unless he enjoys staying in more than he does $125,000 per an.

Having accomplished the feat of establishing wireless telegraphy across the Atlantic, Marconi will now tackle the Pacific ocean. His next work, which he is about to start on, will be to connect Argentina and Italy, across 6,000 miles of salt water.

Two rival candidates for the office of inspector in a Pennsylvania township, who at the election received a tie vote, took a unique way of deciding the contest. Each shot at 13 pigeons, each killed eleven, but two of the birds shot by one of them fell outside of the line and he lost. This was pretty near a tie all 'round, a somewhat novel way of deciding an election, but better than shooting at each other.

Wife beating husbands in New York frequently escape punishment because their wives plead that they will have no one to support them while these brutes are locked up, but some people with their hearts in the right places have formed an organization to take care of the wives of such brutes, have informed the courts of that fact, and now the w b's will not escape the punishment they deserve.

Prof. Chas. S. Slichter, who is presumably not a Kentuckian, because he delights in discussing water, estimates that there are under the crest of the earth 565,000,000,000 cubic yards of it, enough to cover the globe to a depth of from 3,000 to 3,500 feet. We do not know how he figures it out, but if correct this earth is more of a sponge than most people take it to be.

The Sultan of Jolo denies that he is dead, and says he hasn't died from cholera, although occasionally his choler gets away with him, which is quite natural for a man with eighty odd wives, which is somewhat odd, too, in this age of the world. He says, as a further proof that he is not dead, that he expects to visit the St. Louis exposition. But he will not bring his family with him.

IN THE SUPERIOR COURT.

Penny Damage Suit Will Be Commenced This Morning—Venire of Fifty. Proceedings Yesterday.

No cases of importance were heard in the New Hanover Superior Court yesterday, and at 11:45 A. M. a recess was taken until 10 o'clock this morning, when the $20,000 damage suit of B. F. Penny against the A. C. L. R. R. Co., of S. C., will be taken up. It will likely require the balance of the week to dispose of it. Attorneys for the plaintiff are Messrs. Franklin McNeill, Bellamy & Bellamy, A. J. Marshall and Herbert McClammy. The defendant will be represented by Messrs. Rountree & Carr, Davis & Davis and Bellamy & Peschau. Under the act of 1885, in order to eliminate the great difficulty in securing a jury, fifty talesmen were ordered summoned yesterday by Judge Peebles.

Court met yesterday at 10 A. M. and the jurors summoned for the week were returned by Sheriff Stedman with the exception of Geo. W. Tucker and J. A. Forte. J. A. Huske and A. B. Cooke were excused. The following cases were disposed of:

Rosetta Shepard vs. J. D. Shepard, divorce granted.

City of Wilmington vs. Barsheba Hansley, Bellamy & Peschau allowed to retire from the case as attorneys for defendant; defendant to be notified to employ counsel by next term of court.

City of Wilmington vs. Fred K. Baliere et al., new parties to be made and case continued.

A. C. Ricaud, receiver, vs. W. H. Chadbourn et. al; continued; new parties to be made; J. D. Bellamy and E. K. Bryan allowed to withdraw as attorneys for plaintiff; notice to issue to plaintiff to employ other counsel.

The venire of fifty from which to select the jury in the Penny suit was drawn as follows: James Sinclair, Chas. W. Worth, W. B. Thorpe, W. A. Dick, T. W. Weaver, Jno. F. Keyes, Daniel B. Branch, W. A. Frank, John C. Heyer, F. J. Dempsey, C. P. Bell, E. H. Munson, C. G. Smith, H. A. Burr, Eugene Philyaw, Wm. Struthers, H. L. McKeithan, J. W. Cain, R. B. Register, C. O. Alexander, Benj. R. Mrs. Geo. Grotgen Dead.

Mrs. Geo. T. Grotgen, wife of a highly respected citizen of Wilmington and daughter of Mr. Jordan W. Branch, the well known janitor at the Court House, died Sunday afternoon at 3 o'clock at the family residence on Castle, between Second and Third streets, after a long illness. Mr. Grotgen was a most estimable woman and leaves besides a father and mother, 3 children, four brothers and a sister to mourn their loss. The funeral was conducted at 4 o'clock from the family residence yesterday afternoon by Rev. Dr. A. G. Voigt and Rev. Dr. C. S. Blackwell and the remains were laid to rest in the presence of many sorrowing friends and relatives in Oakdale cemetery.

The Need of an Ambulance.

An imperative need of Wilmington now is an ambulance of modern construction in which the sick and wounded may be carried to their homes or to the hospitals. A valuable life may be saved through promptness in reaching a hospital with the victim of an accident; and common humanity demands that the most comfortable of all vehicles should be used for the transportation of sufferers. If the city authorities will not make the purchase, the STAR will undertake the task of raising the necessary funds by public subscription.

Shipping in January.

The monthly report of Capt. Edgar D. Williams, harbor master at this port, shows that during January there were arrivals of 20 vessels, each of 90 tons and over, and having a combined tonnage of 24,849. Of the 14 American vessels that entered, 8 were steamers, 10,126 tons; 2 barges, 5,300 tons; 4 schooners, 1,588 tons. Of the 6 foreign vessels that arrived, 4 were steamers, 6,976 tons; one barque, 649 tons, and one schooner 150 tons. The report compares very favorably with that of January last year.

MR. JONES RESIGNS.

County Road Superintendent Asked More Salary or Relief from Duty.

BOARD OF COMMISSIONERS.

Regular Monthly Meeting Yesterday Afternoon—Major Robertson Qualified—The Report of Hospital Referred Back for Amplification.

As a result of an order made at the last meeting of the Board of County Commissioners that he devote at least 20 days' actual time out of each month to the duties of the office and that the salary attached to the position remain the same, Mr. Sol. J. Jones yesterday tendered his resignation as County Road Superintendent. The resignation will take place upon the election and qualification of Mr. Jones' successor.

The resignation came at yesterday afternoon's regular meeting of the Board of Commissioners for February. Mr. Jones in submitting his monthly report for January concluded by stating that he was doing more work already upon the roads than the salary would justify; the cost of living had very materially increased and with the exception of Sundays and stormy days, 20 days amounted to about all his working time, and that in addition, he was compelled to keep a horse and buggy at a cost of $15 per month. He asked that he be allowed to give all his time to the roads and that his salary be increased from $40 to $75 per month or that his resignation be accepted. The Board went into executive session for about half an hour and had a conference with Mr. Jones in the meantime with the result that upon returning in open session the resignation was accepted.

The Board met at 2:30 P. M. Present: Chairman McEachern and Messrs. Gabriel Holmes, H. L. Vollers, W. F. Alexander and W. F. Robertson, Maj. Robertson, the newly elected member of the Board, having qualified before Justice of the Peace Owen Fennell, took his seat as a member of the Board.

Mrs. Laney Bowen, of Harnett township, was allowed $1.50 on the out door poor list and Messrs. Robertson, Holmes and Alexander were appointed a committee to investigate the matter of the continuance of that amount each month. License to peddle without tax was granted to J. F. A. Reaves on account of physical disability. Action of the chairman in approving the application of J. W. Smith to retail liquor at No. 130 North Water street, was concurred in. Geo. R. Smith, of Harnett township, was relieved of poll tax on account of physical disability. The usual monthly reports of the Register of Deeds, Superintendent of Health and Superintendent of Roads were read and approved. The Superintendent of Health treated 117 patients in the office and 30 patients were visited at their homes. No acute sickness has occurred in the Home, camp, or jail during the month. W. M. Hansley was appointed to survey certain lands for F. Padrick in Cape Fear township. Bonds of W. H. Shearin, superintendent of the convict camp, in the sum of $2,000 with Samuel Blossom and Marsden Bellamy as sureties, and G. C. Simmons, standard keeper, in the sum of $300 with Jno. E. Wood and J. W. Humphrey as sureties, were read, signed and approved. Upon motion Chairman McEachern and Messrs. Holmes and Robertson were appointed to arrange for the services of an attorney to have in charge the collection of back taxes. Bids for building a bridge over Whiskey creek were referred to the Roads and Bridges Committee. Chairman Alexander, of the Roads and Bridges Committee, was authorized to have needed repairs made to the "water fence" of the county. Jno. Scott, colored, Wilmington township, was refused exemption from poll tax on account of alleged physical disability. Chairman Robertson, of the County Home Committee, was directed to confer with the proper persons relative to the boundary lines of the county property on Smith's Creek.

The special committee, to whom the petition of Mr. Samuel Blossom for a change in the county road near Castle Haynes was referred, reported through Mr. Holmes and the report was adopted as follows:

"After examining the road at Castle Haynes, as desired changed by Mr. Samuel Blossom and others, we would recommend that if Mr. Blossom will build the road bed over the proposed road and drain same to the satisfaction of the road committe, and further pay for macadamizing any increased distance more than the present road and that when same is done, then we will accept the road and discontinue the present road."

Standing committees of the Board were announced as follows:

Auditing—Holmes, Vollers and McEachern.

Permanent Roads—McEachern, Robertson and Holmes.

Roads and Bridges—Alexander, Robertson and McEachern.

County Home—Robertson, Alexander and McEachern.

Building—Vollers, Robertson and McEachern.

Dr. Joseph Akerman, surgeon in charge of the James Walker Memorial Hospital, submitted the following report of the expenditures of the institution during the year 1902:

Subsistence	$ 3,189.01
Drugs	1,564 27
Plumbing	51.85
Pay Roll	5,008 43
Lights	639.99
Fuel	332 86
Water Works	156 25
Fire Insurance	201.25
Surgical Supplies	448.15
Equipment	945.19
Sundries	1,659.04
Total	$14,196.29

The statement was referred back to Dr. Akerman for completion, his attention being called to Sec. 6, Chap. 13, of the Public Laws of 1901, requiring a more complete statement, notably of the number, name, age and sex of all patients treated during the year, etc.

THE UNITED STATES COURT.

Adjourned Term Convened Yesterday Morning—Number of Cases Disposed Of—Circuit Court Matters.

Pursuant to recess on Nov. 29th, 1902, the U. S. Circuit and District courts met in this city yesterday at noon for the purpose of disposing of a number of cases that could not be reached at the regular term, owing to the illness in Raleigh of Postoffice Inspector F. N. Davis and the absence of material witnesses in several other cases. Most of the District Court matters were disposed of yesterday and cases on the Circuit Court docket will be taken up this morning. Principal among the civil cases is that of Mrs. Annie McQueen, Ex., vs. the Mutual Reserve Fund Life Association, of New York, for the recovery of a policy of $5,000 on her husband's life, about which there is some controversy.

Present upon the assembling of court yesterday were Judge Thos. R. Purnell, U. S. District Attorney Harry Skinner, Assistant U. S. District Attorney Oscar J. Spears, U. S. Marshal H. C. Dockery and Clerk W. H. Shaw. C. O. Knox was sworn as crier for the term. Jno. H. Brown and R. F. Gore were sworn as bailiffs. B. F. McLean, Esq., of Maxton, is assisting with the work in the clerk's office.

During the day an order was issued by Judge Purnell appointing L. H. Bryant a United States Commissioner in and for the Eastern District of North Carolina, resident at Magnolia, his term to continue for four years unless sooner revoked.

The following jurors continued from last term were in attendance yesterday:

Jury No. 1—A. T. Clark, J. H. Honeycutt, W. H. Bolton, P. D. Millican, J. H. Newkirk, Jno. D. Dosher, J. A. McFarland, S. B. King, H. S. Boyette, W. Streeter Hare, F. G. Middleton, James W. Smith.

Jury No. 2—C. H. Kelley, John Monroe, G. M. Rainwater, W. T. Jeans, D. Stewart, M. Watson, D. W. Watson, Jeptha Peel, Rufus Register, D. S. Bender, B. F. Turlington, J. R. Peterson, C. T. Lamb.

E. B. Freeman, of Lumberton, was excused as a juror for the term.

The following cases were disposed of:

L. T. Mills, New Hanover county, abstracting mail from rural free delivery; called and failed; nisi, sci fa and capias; forfeiture stricken out and bond filed for appearance at next term.

M. E. Coleman, Columbus county, violation postoffice regulations; defendant called and failed; judgment nisi sci fa and capias.

Sandy A. Thomas, Scotland county, retailing liquor without license; 30 days in jail and $100 fine and costs.

N. T. Covington, Richmond county, illicit distilling; defendant to give bond within ten days for appearance at May term of court.

John Brock, Robeson, retailing; continued; bond to be renewed.

Owen McLean, Robeson, illicit distilling; continued.

J. Gurley Bundy, Robeson, retailing; continued; 10 days to file bond.

Sandy Moorman, Robeson, retailing; continued until May term; 10 days to give bond.

Ben Hines colored, Scotland county; abstracting letter from postoffice; verdict guilty; sentenced to four years in Sheltonham, Md., house of correction or reformatory.

Artemus Easterling, colored, Scotland county; abstracting letters from postoffice; sentenced to four years at hard labor in Federal prison at Atlanta, Ga.

Andrew Martin, Robeson county, retailing; called and failed; judgment nisi sci fa and capias.

Dick Smith, Scotland county; retailing; verdict guilty; sentenced to 60 days in jail; $100 fine and costs to be released after 60 days without imprisonment for fine and costs.

At 4:45 P. M. a recess was taken until 9:30 A. M. to-day.

RUN OVER BY AN ELECTRIC CAR.

Negro Bruised and Severely Injured at Second and Princess Yesterday.

William Hill, colored, 25 years old, was run over by Car No. 2, of the Consolidated Railways, Light and Power Co., at Second and Princess streets, yesterday at noon and as the result of the accident, he is at the James Walker Memorial Hospital in a serious, though not necessarily fatal condition.

The negro appeared to be slightly under the influence of liquor and had just been thrown from a mule at Mill's stables in the immediate vicinity. He was carelessly walking across the street, eating a potato, and the car was approaching at a low rate of speed. Motorman Elijah Jones, in charge of the car, sounded his gong long and loud but Hill, apparently, was unconscious of everything else in the world except himself and the potato, when he was struck by the vehicle and dragged for about ten feet along the track. E. C. Horton, a lineman of the C. R., L. & P. Co., was at the corner and yelled at the negro but he paid no heed to the warning. That he escaped alive is a miracle, but he was taken from under the car a few minutes later, badly disfigured and wounded but in the possession of all his faculties.

Dr. W. D. McMillan and Dr. D. W. Bulluck were quickly on the scene and after giving him temporary attention he was sent to the hospital, where Dr. Jos. Akerman, the surgeon in charge, reported him as doing very well at 1 o'clock this morning. The negro has a fearful gash on the right cheek; his nose was split and the forehead over the left eye was laid open to the skull. His right hand and wrist were badly contused and he had severe abrasions on the hip and back, but no bones were broken. If there were no internal injuries, the negro will be out in a day or two.

— Col. Jno. W. Hinsdale, of Raleigh, is in the city as one of counsel to appear in an insurance case in the U. S. Court to-day.

MUNICIPAL AFFAIRS.

The Meares Charter to Be Submitted to Voters at the Regular Election.

THE ALDERMEN IN SESSION.

Regular Monthly Meeting Last Night. Request to the Legislature—Minor Appropriations Made—Reports from City Departments.

With the exception of instructing the City Attorney to prepare and use his efforts to get through the Legislature a bill, definitely fixing the time for holding the municipal election on the first Tuesday in May, and providing at the same time for a submission of the new charter of the city to the qualified voters of the municipality, the Board of Aldermen at its regular meeting last night transacted very little business of general interest. Those present at the meeting were Mayor Waddell and Aldermen Murrell, Sweeney, VonGlahn, Hashagen, Cooper, Johnson, Mann and Tiencken.

The election matter was brought to the attention of the Board by Mayor Waddell, who read as follows from a printed statement in order that no mistake as to his position might occur:

"GENTLEMEN: Although it is no part of my duty to do so, I call your attention, for the third time, to the Act of the General Assembly, passed March, 1901, which requires the Board of Aldermen to submit the charter of the city to the qualified voters of the city, after giving 30 days notice of the election. The act does not specify when the election shall be called but says: 'That so much of this act as provides for the calling and holding of an election for the acceptance or rejection of this charter shall go into effect immediately.' This act was passed nearly two years ago, and, if this Board intends to regard it at all, it will be necessary to do so at this meeting."

It will be recalled that the new charter for the city was prepared two years ago by Mr. Iredell Meares, former city attorney, and that it was adopted by the Board of Aldermen then in power and forwarded to the Legislature for enactment into law. Objection to some provisions of the new charter was developed and State Senator Morton made it inoperative by adding an amendment that it should not go into effect until passed upon by a majority of the qualified voters of the city. That section of the law, however, as stated by Mayor Waddell, makes it mandatory for the Board of Aldermen to submit the measure to the people. When it had been fully discussed last night, Mr. Johnson made a motion, which prevailed, that the charter be submitted to the people at the next regular election and that legal advertisement of same be made by the City Clerk and Treasurer. Mr. Johnson suggested that it would be advisable for the Board to hold a special meeting and hear the new charter read, as many had forgotten what its provisions are. It was explained that reading it would do no good as the measure will have to go to the people just as it stands; it was with the public to defeat or adopt the bill. The Mayor and City Attorney took occasion to commend any movement looking to a codification of the city laws, as at present they are in a deplorably fragmentary state.

In this connection the matter of the date for holding the regular city election was brought up and the City Attorney read the correspondence he recently had with the Attorney General of the State. Mr. Sweeney moved, however, and the motion prevailed, that, in order to remove all doubt as to the proper time to hold the election, that the City Attorney be directed to correspond with Representative Morton and Senator Bellamy and have them to secure the passage of a bill fixing the date on the first Tuesday in May.

Committee reports were called and upon recommendation of that on Finance, the report being made by Chairman Hashagen, the following orders were made: That no action be taken in reducing the tax valuation of the Wilmington Sewerage Co. from $35,000 to $25,000; that G. C. Simmons be awarded the contract for care of the city clock at $60 per year; that taxes erroneously paid by the Kidder Lumber Co., and Mr. B. G. Worth be refunded; that the recommendation of the Commissioner of the Sinking Fund for the retirement of $45,000 in bonds and certificates be concurred in; that the claim of the Howard Relief Fire Company, amounting to about $475, be allowed, the same having been advanced to the city for city purposes; that the City Clerk and Treasurer be instructed to list taxes against the Wilmington Underwriters' Insurance Company in accordance with report sent down by the State Auditor. The last named order was upon motion of Mr. Cooper.

Under head of Fire Department, Chairman Cooper took occasion to congratulate Chief Schnibben upon his excellent annual report and to report the arrival of the new horses.

Chairman Mann, of the Light Committee, exhibited the reports of lights reported out by the police during the past month and recommended the purchase of a "—— meter."

Upon report of Chairman Tiencken, of the Market Committee, $135, or so much thereof as is necessary, was appropriated for repairs to the scales and fences at the city pound.

Upon recommendation of Chairman VonGlahn, of the Police Committee, Wm. Sheehan, Sr., was elected a substitute on the force, and the Board of Audit and Finance concurring, it was ordered that the committee be empowered to rent a patrol wagon, pending the purchase and arrival of a new "Black Maria."

At the Mayor's request the control of the old Fifth Ward hook and ladder hall was committed to Chairman Murrell, of the Public Building Committee. Several suggested the propriety of selling the property but objection was made by Aldermen Tiencken and Mann and no action was taken. Mr. Tiencken expressed a hope that some day it might be sold and the proceeds devoted to the building of a central fire station.

Chairman Johnson, of the Sanitary Committee, reported the trouble with the pipe of the Wilmington Sewerage Company on Market, between Front and Water streets, but said the damage was being repaired.

Chairman Johnson, of the Streets and Wharves Committee, reported the completion of the Fifth and Sixth streets bridges and said they had been opened to public travel. The improvement of Chesnut, between Seventh and Tenth streets, had been completed. In the matter of public conveniences and designation of the streets, he asked for further time. He said the contract of Weldon Skinner for the operation of the city rock quarry had expired and an effort would be made to lease the plant to other parties. Upon motion, $500, or so much thereof as is necessary, was appropriated for the purchase of a new hoisting engine, which was deemed absolutely necessary. The former action of the Board in reference to wharfage fees at the Front street market dock was reconsidered and the fees were made 50 cents per day for flats and boats, occupying first position; 25 cents per day for second positions and 15 cents per day for third positions.

The ordinance in reference to referring all liquor license applications to the City Attorney to be passed upon as to form, was tabled, upon motion of Mr. Sweeney.

Mr. Coper asked for an opinion as to whether The Orton and Gieschen Bros. had a right to serve liquors to their guests on Sunday. The Mayor said he was not the legal advisor of the Board and the City Attorney said he thought they had a perfect right to serve their guests at bona fide meals.

Upon motion of Mr. Johnson, W. B. Duke, contractor for the city oil lights, was given $10 extra per month for three months, in view of the fact that all material had advanced since the contract was made.

A petition from lady residents on Second, between Dock and Castle streets, asking for an improvement of that thoroughfare, was read and upon motion of Mr. Sweeney it was referred to the Streets and Wharves Committee with request for immediate action.

The annual report of the James Walker Memorial Hospital was received and ordered on file. City Attorney Bellamy reported the collection of $811.07 back taxes. Cattle Weigher Bland reported having inspected and weighed 216 head of cattle and having paid into the treasury $32.40, revenue therefrom.

The Superintendent of Health reported during the month 33 deaths, 13 whites and 20 colored; 40 births, 15 whites and 25 colored; three quarantines for scarlet fever; 1,147 loads of trash removed; 2,022 premises attended to by scavengers; 4,472 inspections by health officers; 10 fumigations and 547 lime and acid orders issued. The sewers in the city were reported as giving much trouble and action along that line was recommended.

Chief of Police Furlong reported 66 arrests during January, 16 of the defendants having been white and 50 colored; 15 sent to the roads for an aggregate of 410 days and two to the Superior Court.

No action was taken on the Carnegie library offer upon the ground that it had never been brought officially before the Board.

The usual $150 appropriation for assistance to the City Clerk and Treasurer in the collection of taxes was made.

WILL SAIL FOR LIVERPOOL.

The Popular Capt. C. H. Holtum Leaves on His Ship This Morning.

The British steamer *Polana*, Capt. C. H. Holtum, will sail early this morning for Liverpool, Eng., with a cargo of cotton consigned by Messrs. Alexander Sprunt & Son.

The departure of the *Polana* means more to the majority of the population of Wilmington, than the clearance of the average cotton steamer, because it carries with it one of the most popular crafts masters in the service, American or foreign. Reference, of course, is made to Capt. Holtum, who numbers his friends in this city by the hundreds. His departure is accompanied by the best wishes of all his friends for a successful voyage and a safe return.

Capt. Holtum in turn, desires that his thanks be tendered to his friends in the city for their hospitality and courtesies and he expresses a hope that early next Fall it may be the good fortune of the *Polana* to come this way again. The STAR sincerely hopes that the captain's wish may come true, even before next Fall, if such a thing is possible.

Tom Pescud Dead.

The numerous friends in Wilmington of Mr. Thomas Pescud, will regret to hear of his death which occurred in the Rex Hospital in Raleigh yesterday presumable from appendicitis. Mr. Pescud traveled from Wilmington for the Standard Oil Co., but made his home Raleigh. He was very popular here.

[*Special Star Telegram.*]

RALEIGH, N. C., Feb. 2.—There was considerable discussion in the Senate to-day over a resolution by Baldwin, of Winston-Salem, that a joint committee of two Senators and three Representatives be appointed to meet with the representatives of the Chambers of Commerce of the State to-morrow to hear their complaints as to freight rate discriminations. The bill was finally referred to a committee, thereby defeating its purpose. The opposition contended that the resolution was premature; that if the Chambers of Commerce had complaints to make they should come before the regular legislative committee. Baldwin states that the resolution was sent to him from Winston-Salem.

A joint resolution passed the Senate and House, providing that a special committee of ten be appointed to investigate the management of the State prison and charges by S. C. Bird, of Marion, of cruelty to convicts in marching a squad of 160 convicts from Mitchell county to Raleigh. The investigation is at Supt. Mann's request.

Many bills were introduced in the House. Notable ones were: Davidson, to incorporate Rutherfordton and Hickory Nut Gap Railroad Company. To dispense with the use of private seats.

Watts, to amend the election law of 1901 as to registration.

Morton, a bill relating to train dispatchers' exemption from jury duty.

Bill to allow sale of property belonging to New Hanover county to Odd Fellows for Odd Fellows' building.

Freeman, to eliminate the oath feature of the Mecklenburg primary law.

Vann, to encourage sheep raising by taxing dog; tax to go to school fund.

Kreeger, relating to oculists and opticians.

Many petitions regarding liquor legislation were presented in both branches of the Assembly.

Among the bills ratified to-day was a joint resolution urging Congress to provide for cleaning out Shallotte river.

TUESDAY MORNING, FEBRUARY 3.

THE NEGRO IN THE NORTH.

We hear a great deal about drawing the color line against the negro in the South, very little about it in the North, and yet it is drawn there quite as sharply in some ways and even more sharply than in the South, and would be in other ways if the same conditions prevailed and there were half as much good reason for it. We have frequently in these columns called attention to the aversion that high-toned white people have to negroes living in too close proximity to them. A short while ago we quoted a statement from a New York paper to the effect that there are in that city many negro families worth from $50,000 to $100,000 or more, some of whom live in fine houses, keep their carriages and employ white servants only, and yet there would be a neighborhood insurrection if one of these families were to rent or purchase as a dwelling a house in one of the fashionable localities.

Here is a case in point clipped from the New York *Herald* a few days ago:

If the residents of Lafayette avenue, in the immediate neighborhood of Bedford avenue, can prevent it—and it looks as though they could—there will be no colored branch of the Young Women's Christian Association established in that vicinity, at least not for some time to come.

Lafayette avenue, near Bedford avenue, is one of the most select residential sections in Brooklyn, filled with men of means and fashionable women. When it became noised about a few days ago that the detached frame house at 514 Fafayette avenue was about to be purchased by the Young Women's Christian Association for a branch of the colored women and girls of the borough the neighborhood received a shock.

Before it had entirely recovered several of the better known and more active men of the neighborhood had met and had a talk with Frank Correll, a real estate broker, who is the agent for the property in question. Mr. Correll corroborated the rumors of a proposed colored institution in the house, and the residents returned to their respective homes more indignant than ever.

Informal meetings have been held and little else than this one subject has been discussed by the block for a week. A few nights ago a petition was drawn up and is now being circulated in the neighborhood. It calls upon the Young Women's Christian Association to find another location for its home and points out that its proposed quarters will be the means of decreasing the value of abutting property, as well as clearing the neighborhood of all of its better class of residents. This petition will be presented to the officers of the association some time this week.

Among the men most interested in the fight against the establishment of the colored institution are F. H. Longfelt, whose brown stone house adjoins the house at No. 514; J. M. Wackenhuth, of No. 508 Lafayette avenue, directly opposite the house in question; Joseph Ellery, of No. 522; Vandewater Valantine, of No. 520, and Moses Blew, of No. 518 Lafayette avenue. All said last night that if the proposed colored branch of the Young Women's Christian Association was established they would move out of the neighborhood.

None of the officers of the Young Women's Christian Association could be found last night. At the central building, in Schermerhorn street, it was said, however, that it was not the intention of the organization to cause the residents of Lafayette avenue any inconvenience or annoyance and it was intimated that the suggested branch in Lafayette avenue had been given up.

This is in Brooklyn, where there seems to be about as much aversion to the close proximity of the negro as in the tony quarters of Manhattan. It may be noted, too, that the commotion in this case was not caused by the impending moving in of some negro family to take up residence, but by the rumor that a house was to be occupied as a meeting place for the Young Women's Christian Association, a respectable organization presumably engaged in a good work, so that even the respectability of the organization, or its semi-religious character, failed to diminish the aversion these fashionable white people have to the proximity of the negro even temporarily.

No doubt some who objected to the location of this branch meeting place in their neighborhood were church members who commended the work in which these young colored women are engaged, but they objected to having them even as occasional, temporary neighbors all the same. No doubt some of them are also good orthodox Republicans who object to drawing the color line in the South and depriving some of the negroes of the privilege of voting like the white man, riding in the same cars, putting up in the same hotels, etc., with the white man; but this is in the South, not in Brooklyn or New York.

How would these good Brooklyn people who are so worked up at the prospect of having a colored Young Women's Christian Association in their neighborhood like to have a negro postmaster in their town, negro tax collectors or a negro collector of customs if that office were located in Brooklyn? Wouldn't there be some animated and vigorous kicking then?

They are not yet bothering themselves much over the political privileges of the negroes up there, about their voting or holding office, because they don't get any offices, and as to voting they are not yet numerous enough to run politics, control conventions or dictate as to what shall or shall not be done, although in some States they are numerous enough to be a factor that politicians are keeping an eye on, and doing considerable pandering to. That's what Mr. Roosevelt and his managers are doing now—playing the negro in the South to cater to the negro in the North.

As the Northern negroes almost invariably vote the Republican ticket, State and National, they haven't come in the way of the Republican white man, but if they were numerous enough to be feared and broke away from the Republican party it would not take long to find some way to amend the sufferage laws so as to eliminate the bulk of that vote, the doing of which has evoked so much scolding criticism from the Republican party organs and so much red hot oratory from negroes who pose as leaders of their race. Sword and torch Hayes might move from Richmond to Brooklyn, prospect around and find out something about "discrimination" and "proscription" in that town, and see whether his status would be any better than it is in Richmond or was before he made that fool speech.

COPPER AND COAL.

A dispatch published in Sunday's *Star* stated that a company was being organized to develop some new copper finds in Buncombe county. Copper is found in a good many counties in this State, in some of which a good deal of money is invested in working mines, but Buncombe county is outside of the recognized copper belt, so that this is a new and what may prove to be an important discovery, and it furnishes us another proof of how much there is that we do not know about the mineral resources of North Carolina. Some of its best and most profitable mines are now being worked in localities where not many years ago the presence of such minerals in workable quantities was not even suspected. This Buncombe discovery will doubtless stimulate prospecting, and the result may be the unearthing of more copper or other valuable minerals.

In the same issue of the STAR we published a clipping from the Fayetteville *Observer* stating that one citizen told another citizen that in digging a well on Mile Branch, in Cumberland county, several years after the war, his father struck "a big vein of coal." That vein is still there and nobody seems to know any more about it than the well digger who struck it and gave it no further thought, as he was after water, not coal. It seems to us that "a big vein of coal" near a stirring town like Fayetteville, with good transportation facilities, would be worth following up and doing some digging for.

This reminds us that we have seen a statement that some years ago outcroppings of coal were discovered in that county and traced to the Cape Fear river, into which the vein dipped and probably crossed. Possibly this may have been the same vein that the *Observer* refers to, and may be not; but doesn't it seem that there is a field for some prospecting for coal in that county?

Not long ago we saw a statement in one of our exchages that a farmer in Orange county had discovered a big vein of coal, of apparently fine quality, on his land, but he, too, was probably satisfied with the discovery and didn't take any more interest in it as far as probably known, Coal discoveries have also been reported in the King's Mountain section, but as far as known there has been no effort to test the extent or value of the find.

Somebody will come along from the outside some of these days, light on there finds and turn them to account.

Too much misdirected piety cost John Nordick, of Kokomo, Ind., just $40. When he got ready for family prayer the other night he called his wife to join him, but she was engaged in kneading dough and concluded to wait until she was through. He got tired waiting, did his praying without assistance, and then concluded that his wife who put off praying to knead dough needed a thrashing, which he proceeded to give her. She did not agree with him, however, had him arrested and the judge, who was very much of her way of thinking, fined him $40.

Three girls in Heydekrug, Prussia, effectually cured a young man of a habit he had of engaging himself to a girl and then going off and courting another. One of them caught him playing sweet to a girl after he had wooed and won her, and then she hunted up two other girls whom he had done likewise, and the three marched on him unawares, tied him to a sapling, and larruped him to death. Then the trio walked to the police station, surrendered, and told what they had done. Strenuous girls over in Heydekrug.

Atlanta is talking of raising $10,000 to advertise Georgia. The idea is to publish a book for free distribution. A good, well informed, hustling talker, equipped with lots of brief, descriptive pamphlets would be worth more than a Carnegie library for that purpose.

WE WANT EVERY ONE TO KNOW ABOUT IT.

READ WHAT WE HAVE TO SAY. COME AND SEE US.

We don't want any one in this city to drag themselves through life in pain and misery for the want of enough strength to feel well and happy.

If you feel listless, without ambition and run down, it is a bad sign.

You are running grave chances. You are in a condition to be attacked by most any disease.

This feeling of debility is a symptom that your system is generally demoralized. You should take a tonic.

You should take Vinol, which we know and will guarantee will restore your strength.

Following is one case where it did this. Mrs. T. H. Boyle, of 56 Chestnut St., West Newton, Mass., says:

"Last spring I used one bottle of Vinol. At that time I was all run down and sick. I find that it did me lots of good, and by its use my strength came back to me."

Vinol is a delicious preparation, containing the active curative principles that are found in cod-liver oil, dissolved in a delicate table wine.

Vinol acts directly on the stomach, aiding digestion and at the same time creating a healthy appetite. It gives strength and vigor to every organ of the body.

We endorse Vinol, and guarantee its action, and will gladly refund to any one who is not satisfied the money which they paid for it.

FRANCE OBJECTS

As anticipated France sustains the protest of her Ambassador at Washington against the French Venezuelan claims being subordinated to those of the three debt-collecting powers, a very reasonable and a very proper protest, especially in view of the fact that France had previous to the movement by England and Germany made an arrangement with the Venezuelan Government for the payment of the French claims, and the further fact that the French Ambassador had the personal assurance of Minister Bowen that the French claims would not be subordinated in the arbitration to those of the allied powers.

The question might arise whether, under the circumstances, the allied powers might not have ground for objection to such an arrangement without their knowledge, or consent, if they did not have such knowledge, but this would have brought France into the case as well as Venezuela, and the triple alliance would have had these two powers to deal with instead of Venezuela alone. But as far as we know, France has not, up to this last hitch, figured at all in the calculations of the allies, which may not have been aware of the agreement between her and Venezuela; but they probably were, for there doesn't seem to have been any secret about it.

The only way out now without bringing the whole arbitration business to naught seems to be for them to recognize and accept the settlement as to the French claims, and make such provision as they can for the liquidation of their claims, which they will probably do if, as Minister Bowen says, that would not materially affect the payment of those claims under the plan proposed. As this is more a matter of dollars than national honor, they will do a good deal of talking about it before they declare arbitration off, and run the risk of spending many times as much money as their aggregate claims amount to.

It is said that there has been a decrease of the rural population in half a dozen of the Western States and in all the North Atlantic States except Connecticut, Rhode Island and Pennsylvania. The rustics are drifting to the towns.

— Tarboro *Southerner*: Many farmers contend that the amount of farm done this year is not up to the average, because labor could not be definitely employed until after many days of January had elapsed.

— Fayetteville *Observer*: Joe James, the colored man who was accidentially shot while leaning on his gun yesterday, had to have his right arm amputated. His left hand and arm were also badly wounded, but will probably not have to come off.

— Warrenton *Record*: The prices for tobacco are some better than they were just before the holidays. Breaks have been right good for the past week. The warehousemen tell us that they think there is still about 15 per cent. of last year's crop in the hands of the farmers.

— Henderson *Gold Leaf*: Capt. James B. Thrower died suddenly at his home in this place at 10 o'clock Thursday night, January 22nd, aged 70 years. He had complained of a slight indisposition during the day but ate supper as usual, and was sitting with his family around the fire talking when the end came. Death was due to heart failure. Capt. Thrower was a native of Halifax county.

— Durham *Herald*: Report reached Durham last night that John W. D. Rigsbee, who was run over and fearfully mangled by the Seaboard train Wednesday, died Thursday afternoon. —— An act of vandalism has been committed upon the soldier's lot at the city cemetery in scattering some of the cannon balls on one corner of the lot, There are eleven balls on each corner and the top one is fastened by a rod running from it to the ground. The miscreant who did the meanness scattered the balls.

— Durham *Sun*: News was just given us of a sad occurrence near Franklinton Thursday afternoon. Two gentlemen, Mr. Ben Long, an aged man, and Mr. Bud Bragg were out bird hunting Thursday and by some means Mr. Long's gun was discharged, the entire load of bird shot taking effect in the face of Mr. Bragg. Both of his eyes were put out and other injuries sustained by the unfortunate gentleman that it is thought will end his life. We could not learn more particulars concerning the accident.

— Greenville *Reflector*: Two children of Mrs. J. H. Vanderford, of Beaver Dam township—one a boy six years old and the other a girl of three years—died Wednesday in a few hours of each other, and both were buried in the same grave Thursday. The children were well when they went to bed Saturday night, but both were taken sick during the night and continued to grow worse until they died. Physicians think the death of the children was due to ptomaine poison, perhaps caused by something they had eaten.

CURRENT COMMENT

—— A bank at Jacksonville, Tex., has failed with assets of 10 cents. It was conducted by negroes, and was for their exclusive patronage. Yet there are some who continue to contend that the negro doesn't make a thorough financier.—*Wash. Post, Ind.*

—— It has been a long time now since such an incendiary utterance has been made by a negro as the speech of Hayes before the Afro-American Council in Washington. Even President Roosevelt will probably admit that such wild threats as those made by Hayes can only injure the negroes; but it is President Roosevelt himself who is responsible for the revival of the intemperate spirit voiced by this Virginia negro. *Louisville Courier-Journal, Dem.*

—— Governor Taft recommends that a limited number of Chinese skilled laborers be admitted to the Philippines, but that they be required to pay a tax of $50, give bond that they will employ a Filipino apprentice, and return to China in four years—which looks to us like a case of robbery. Rheumacide

Continues to make Miraculous Cures

READ THIS LETTER:
ALMOST A MIRACLE.

DILLON, S. C., Aug. 24th, 1902.

Gentlemen:—In September, 1898, I took rheumatism in a very bad form. In a month after the disease started I had to give up my work and go to bed. It continued to grow worse until my arms and hands were badly drawn, so much so that I could not use them. My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly twelve months. The muscles of my arms and legs were hard and shriveled up. I suffered death many times over. Was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. P. Ewing, of Dillon, came to see me. He told me to try your "RHEUMACIDE." He got me one bottle of the medicine and I began to take it and before the first bottle was used up I began to get better. I used five and a half bottles and was completely cured. That was two years ago, and my health has been excellent ever since. Have had no symptoms of rheumatism. I regard "RHEUMACIDE" as by far the best remedy for rheumatism on the market. I cannot say too much for it. I have recommended it to others since and it has cured them.

Will say further, that I began to walk in about six days after I began to take "RHEUMACIDE," with the aid of crutches; in about three months after I began to take it, I could walk as good as anybody, and went back to work again.

Very truly, JAMES WILKES.

COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, Feb 3.—The cotton market opened quiet at a decline of one point, under selling for both accounts, which was chiefly encouraged by the outlook in receipts. The early estimate for the ports pointed to a movement of about 29,000 bales as compared with 19,867 bales last year and the interior receipts also have recently shown an expanding tendency. New Orleans showed a disposition to drag after the call, and Liverpool, where the market opened unchanged, advanced a half to one and a half, declined, closing about two points lower. The weaker tone resulting from these influences was responsible for a decline of from four to six points on the active option from which the market was rallied toward the close by buying by room shorts and commission houses with the list finally steady at a net decline of two to five points. The estimate from New Orleans and Galveston for to morrow had much to do with the midday selling, expectations for New Orleans being 10,000 to 12,000 bales against 5,353 last year while Galveston looks for 16,000 to 17,000 bales against 10,197. Aside from the movement the news had bullish averages. The Southern spot markets were alimly held at generally unchanged prices Liverpool reported spot sales of 12,000 bales, and news from various dry goods markets, including Manchester, was distinctly encouraging. It was on these phases of the situation and on the theory that the recent liquidation has nearly cleaned out the weaker long interests, that to-day's shorts were operating. Sales were estimated at 200,000 bales.

HEALTH AT HOME.

HYGIENIC HOUSEWORK AN AID TO PHYSICAL CULTURE.

Going Up and Down Stairs With Ease and Grace—A Seat at the Ironing Board—Exercise That Rests Nerves and Muscles.

The housekeeper will find that in almost every department of housework labor can be saved advantageously with a little thought given to the "how" of doing things and the strain and weariness resulting from many household duties avoided, says a writer in Good Housekeeping, who proceeds to tell something about the methods of securing this result as follows:

Household labor is varied in its requirements and can be made an aid to physical culture. Walking up and down stairs can be made an excellent exercise for developing the muscles of the leg from the hip down and giving a good poise to the body if performed in the correct and easiest way. As usually done, with the body thrown forward at the hips, the heel of the foot constantly striking, the poise of the body is lost, and a great strain is put on the back, tending to increase the nervousness of the housewife. If the body is carried well poised, upright from the hips, the ball of the foot striking the stair first, the knees being flexible both in ascending and descending, all the good effects are obtained, and if much stair climbing is done there will be a great difference in the feeling of vitality. Ascending stairs rapidly by springing from the ball of one foot to another forms an excellent means of strengthening the ankles and curing a tendency to flat feet.

Household labor involves almost necessarily a great amount of standing.

INCORRECT ASCENT. CORRECT ASCENT.

This can at times be remedied, in ironing for instance, more especially in doing the smaller pieces, by means of a high seat adjusted to the ironing board. This gives one a rest for the lower part of the body. This is a great relief for those who suffer from varicose veins. If the ankles are inclined to swell through too much standing, a few seconds' rest lying flat on the back with the feet slightly higher than the head will be found a preventive.

If the house is well aired in the morning, it will be a great aid to the physical and mental vivacity of the inmates. A full development of the chest is necessary for an adequate inspiration, and with a good store of oxygen the chances of fatigue are lessened. The breathing should start at the waist, the body expanding all around. In this way the lungs are filled to the limit of their capacity, and with an intense expiration this can be made an excellent exercise, taken while about household duties that are advantageous to a good position of the chest and when the air is pure.

To make housework thoroughly hygienic the clothing must be worn loose and corsets discarded. The action of the body, expanding and contracting in correct breathing, demands this. It gives the woman who cannot quite decide to discard corsets altogether a chance to give her body some freedom from restriction and practice in carrying the body erect without such support.

The following exercise is excellent as a nerve and muscle rest in change of position: Lying at full length on the back, raise the arms forward, upward over the head, and then stretch the whole body from the toes to the tips of the fingers. Hold this position for a few seconds and then relax completely. Repeat several times.

That housework exercise will be found profitable and even pleasant labor in the health and strength attained through it has been proved by several who have taken to the hygienic ways. One lady laughed at the idea of doing her housework in any but the "quickest possible way," as she explained it. Afterward she unconsciously admitted that she always took the stretching and breathing movements after any

REST FOR NERVES AND MUSCLES.

chest contracting or bending effort. Others who have tried the deep breathing and freedom from restraining clothing declare unanimously in their favor and have the best of results to show from their practice.

One necessity for these exercises, especially the correct method of stair climbing, is a moderately short skirt.—Good Housekeeping.

The Wends.

In outward appearance the Wends are throughout a powerful, healthy and muscular race, whose men are coveted for the conscription. The first Napoleon's famous "Bouchers Saxons"—the Saxon dragoons—were nearly all Wends. And in the present day it is the Wends who contribute the lion's share of recruits to the Saxon household regiments. Their women are prized throughout Germany as nurses. They are all well built, well shaped, rich in muscle and nimble in motion, like the Lacedæmonian women of old. Next to stature, the most distinctive external feature of the race is their national dress, which, as in most cases, survives longest and in its most characteristic form among women. As between different districts it varies very markedly, but throughout it has some common features.

Women.

"If you want to get on with women," says Max O'Rell, "never criticise them and never offer them advice." And never forget that this is a rule that works only one way.

What a struggle a sick man makes for life considering that there is little in it but whippings!—Atchison Globe.

Making "Mountain" Whisky.

"So this is the only liquor distillery in all these mountains?" remarked the visitor to a little mountain settlement in North Carolina in a tone that was half questioning.

"It do be," said the mountain whisky maker.

"How much do you turn out in a day?" asked the stranger.

"Waal, I reckon we make along about twenty gallons a day."

"And is that all the whisky that's drunk in these parts?"

"Say, you be-ent no revenue sharp, be you?" he demanded suddenly. "'Cause if you be I ain't got nothin' to say. I pays my taxes, as ever one knows, an' that's all there is to it."

After a time the stranger persuaded him that there was no ulterior motive in his questioning, and the old man explained the whisky situation.

"I tole you this was the only still around here, an' so it is—the only one that pays a tax. But," he continued, "every old woman in these mountains has a copper kettle in which she boils her washing. Every old woman has a lid that fits the copper kettle tightly, and that can be fastened down. They boil clothes in them on Monday, and they boil whisky in them the other six days of the week."—New York Tribune.

WOMEN AND CHILDREN BURNED TO DEATH.

Seventeen Other Persons Injured in a Fire Near Vancouver, British Columbia, in a Common Living House.

By Telegraph to the Morning Star.

VANCOUVER, B. C., Feb. 2.—In a fire which broke out on Malcom Island, some distance up the coast from Vancouver, in a common living house, where twenty-four families lived, eleven women and children were burned to death and seventeen other people were injured Thursday evening last. The dead are: H. H. Hermanson and four children; Mrs. Lafbaca and two children; M. Sortel, and two young daughters of August O'Berg.

There was no water supply and the crowd which gathered around the blazing building could do little but watch the women and children burn to death. Several children were thrown from the house at their feet and a number of women leaped from the second story of the doomed hotel, receiving severe injuries. There were about one hundred families on the island. The building was put up to provide temporary shelter for the more recent arrivals, who had been living in tents.

GREAT BATTLE IN MOROCCO.

The Sultan's Army Defeated the Pretender's Forces With Great Slaughter. Imperial Troops Pursuing Rebels.

By Cable to the Morning Star.

TANGIER, MOROCCO, Feb. 2.—The details of the Sultan's victory Thursday over the forces of the pretender BuHamera, show that the battle was stubbornly contested and that the former's success was largely due to the co-operation at a critical moment of the Beni Ouerin tribe whose defection from the rebels the Sultan had previously purchased. The artillery of the Imperial forces, which was commanded by the minister of war, El Menebhi, consisted of eight Maxims and four Krupps. The Sultan's troops opened the attack early in the morning and shortly afterward the pretender's camp was assailed in the rear by the Beni Ouerins. In spite of the surprise and disadvantage of position the rebel army stubbornly maintained its ground and desperate fighting continued for three hours. The slaughter was very great. The remnants of the rebel army then broke, abandoned their camp and fled in the direction of Taza. The Imperial troops are pursuing the fugitives and if the pretender is not among those slain his capture is confidently expected.

There is rejoicing at Fez as a result of the victory of the Sultan's forces.

SUSPECTED BANK BURGLARS.

Four Men Arrested at Monroe, N. C., After a Battle With Revolvers on the Streets of the Town.

By Telegraph to the Morning Star.

CHARLOTTE, N. C., Feb. 2.—Four men who are believed to have blown open safes in this section of the State with nitro-glycerine during the past few days were captured to-day near Monroe and are now in jail there. Two were caught after a daylight battle with revolvers on the streets of the town, and the other two were captured in the afternoon. Shots were exchanged at both encounters, but nobody was hurt. The captured men were heavily armed, and a turn out of their pockets resulted in the recovery of $100 in money. In the chase for the two men who were captured in the afternoon bloodhounds were used. One of the men shot one of the dogs. In consequence of the operations of the safe-crackers in this section some of the Charlotte banks have employed night watchmen. It is believed that the men captured at Monroe are the ones who blew open the safe at the Mocksville bank and also one safe in Charlotte and two in Matthews, a town near Monroe.

GEN. MILES IN LONDON.

His Visit to King Edward—Mrs. Miles Not Invited to Windsor.

By Cable to the Morning Star.

LONDON, Feb. 2.—Lieutenant General Miles who returned here from Windsor to-day said to a representative of the Associated Press:

"The King received me most cordially, recalled pleasant memories of our visit here at the time of the jubilee, and spoke as friendly as ever of America. He showed keen interest in the Far East, on which subject I was able to give him some information. Altogether it was a most pleasant visit.

"The King said he hoped the Prince and Princess of Wales would be able to visit America. Nothing, however, is definitely settled."

By what the general terms "a mistake on the part of somebody here," Mrs. Miles was not invited to Windsor Castle.

ORGANIZED CAMPAIGN.

Against Anti-Liquor Legislation in a Number of Southern States.

By Telegraph to the Morning Star.

LOUISVILLE, KY., Feb. 2.—The Herald to-morrow will say: "It has just been ascertained that at a secret meeting of over twenty Kentucky distillers held in this city Saturday night, it was determined to begin an organized campaign against the anti-liquor legislation now being considered by the various legislatures of the country and especially by the General Assemblies of a number of Southern States. A large fund has already been raised to defray the expenses of the movement."

STATEHOOD BILL BOBS UP.

Amendment to the Army Bill Appropriates $2,000,000 to Supply and Equip the Organized Militia of the Several States--Many Bills Passed.

By Telegraph to the Morning Star.

WASHINGTON, Feb. 2.—The Senate to-day had the Army Appropriation bill under consideration. It was about to be passed when Mr. Petius, of Alabama, requested that it go over until to-morrow to permit some amendments to be offered. During the reading of the bill Mr. Hale and Mr. Cockrell got into a discussion over the general staff provision, the former contending that it was general legislation and had no place in the bill. Mr. Cockrell insisted otherwise. Mr. Quay during the discussion interjected the remark that the provision was properly in the bill.

Mr. Berry criticized as remarkable a defence made several days ago by Mr. Proctor, of Vermont, of Captain Brownell, said to have been connected with the death of Father Augustin, in the Philippines.

Captain Brownell, Mr. Berry, said, had admitted giving the water cure to Father Augustin, and yet the autopsy is said to have shown that he died of fatty degeneration of the heart. Father Augustin, he declared, had been murdered, and yet Captain Brownell was to be held up as the highest specimen of the American soldier, or American officer.

Replying, Mr. Proctor with some emphasis said, "The senator from Vermont defended Captain Brownell and continues to do so, and resents the implication of the senator from Arkansas that he was guilty of murder."

Captain Brownell, he said, was in a situation in which he had to defend his men against treachery in which Father Augustin was the prime mover.

Mr. Berry, answering Mr. Proctor said that if Mr. Proctor approved of Captain Brownell's conduct that was a question for him to decide. "As to his saying he resents," he said, "I do not know in what way he purposes to resent."

Mr. Proctor made no reply.

An amendment by Mr. Bacon was agreed to, appropriating $2,000,000 to supply and equip the organized militia of the several States in accordance with the militia bill recently passed.

The Statehood bill was up for a short time and Messrs. Bard and Quarles spoke in opposition to it.

After a brief executive session, the Senate adjourned until to-morrow out of respect to the memory of the late Representative Rumple, of Iowa.

House of Representatives.

The Sundry Civil Appropriation bill reported to the House to-day by Representative Cannon, chairman of the House Committee on Appropriations, carries an aggregate appropriation of $78,007,929, which is $8,886,432 less than the estimates, and $17,355,870 more than the current appropriation. The committee recommends an appropriation of $3,000,000 for the relief of distress in the Philippines.

The bill carries $10,429,412 for construction work on Federal buildings authorized by law.

The sum of $20,238,150 is appropriated for river and harbor contract work authorized by law, being $14,464,393 in excess of the current appropriation. Among the items are the following:

Charleston harbor, $60,000; Cumberland sound, Georgia and Fiorida, $400,000; Winyaw bay, South Carolina, $100,000; Tampa, Fla., bay, $186,337; Hampton Roads, $215,000; Norfolk, Va., harbor, $83,957; Savannah, Ga., harbor, $270,000; Biscayne, Fla., bay, $250,000; Mobile harbor, $300,000; Galveston harbor, $300,000; improvement channel at Galveston, $300,000; Appomattox, Va., river, $175,000; St. Johns, Fla., river, $350,000; Black Warrior, Warrior and Tombigbee rivers, Alabama, $300,000; Southwest Pass, Mississippi river, $1,000,000; Pascagoula river, Mississippi, $100,000; Galveston ship canal and Buffalo bayou, Texas, $500,000; Trinity river, Texas, $250,000; Ouachita river, Arkansas and Louisiana, $650,000.

The excess of the proposed appropriation over the current year is explained by the committee report to be due to the increase of $14,464,393 for river and harbor work, and the $3,000,000 allowed for the relief of distress in the Philippines.

The bill appropriates $80,500 for expenses of the executive mansion, as against $40,500 appropriated for the current year and $30,000 for lighting the grounds and mansion, the current appropriation being $7,500.

The House to-day passed about forty bills under suspension of the rules. The most important of them was a bill to authorize a resumption of the negotiations with Great Britain for the preservation of the Alaskan fur seals and to give the secretary of the treasury authority if a modus vivendi is not concluded prior to the opening of the pelagic sealing season this year, to exterminate the seal herd on the Prybylov islands, except 10,000 females and 1,000 males.

The Senate bill appropriating $1,500,000 for a new department of agriculture building was passed.

Among the other bills were a number to restore to their former rank in the army or navy, and then retire, officers who resigned years ago. One bill advanced Brigadier General H. C. Merriam, retired, to the grade of major general on the retired list.

The House adjourned until to-morrow.

REAR-END COLLISION.

Two Men Killed, Five Seriously and Six Others Slightly Injured.

By Telegraph to the Morning Star.

CHICAGO, February 2.—Two men were killed, five seriously injured and six others slightly injured in a rear-end collision of the east bound stock trains on the Illinois Central at Cloverdale, Ill., this afternoon.

The collision occurred in a dense fog, which prevented the engineer of the second train from seeing the train ahead until almost upon it. The occupants of the caboose of the first train were likewise unaware of their danger until their car was practically telescoped. The wreckage caught fire and the caboose and five cars of stock were consumed.

TROLLEY CAR STRIKE AT WATERBURY, CONN.

Troops Ordered Out by the Governor Met With Jeers and Hisses—Many Persons Injured Saturday Night

By Telegraph to the Morning Star.

WATERBURY, CONN., Feb. 2.—With companies of the First and Second regiments, Connecticut National Guard, quartered in various parts of the city, ready for an emergency call on account of the trolley strike situation, the Connecticut Railway and Lighting Company officials re-opened their lines for business this morning. The first car was sent from the barns at 5.30 o'clock and the traffic was soon under way on all the lines. There were few passengers on the early cars. No disturbances were reported.

The appeal to the Governor for troops was made yesterday after a conference of conservative citizens who believed the situation justified the request. The citizens as a whole were taken by surprise when the announcement was made that troops had been ordered out and the arrival of the soldiers made the night one of keen excitement, though no violence of any kind occurred. The soldiers, however, were everywhere met with jeers and hisses.

The streets in the business section were thronged to-day but the police kept the crowd moving, and although a number of arrests for drunkenness were made there were no serious disturbances.

General Manager Sewell, of the Connecticut Railway Lighting Company, said to-day that cars would be run on regular schedule, day and night from now on, and that soldiers will ride as a guard on every car after sunset.

Alexander Winthrop, a non-union mortorman, who was pulled from his car and beaten and trampled on by the mob Saturday night, was reported to-day as in a serious condition; the physicians fear that he has internal injuries. Eighteen other non-union motormen and conductors are at the car barns suffering from injuries received Saturday night. All of them have wounds caused by the fusilade of stones and pieces of flying glass.

Ball cartridges were issued this afternoon to the men of all companies of the militia except two. The latter probably will be kept in the armory under waiting orders.

The executive committee of the striking Trolley Men's Union to-day issued a statement disclaiming all connection with the riot of Saturday night and appealing to their friends to do all in their power to stop such disturbances.

The strikers lay the blame for Saturday's occurrences to what they call the arrogant manner assumed by General Manager Sewell in rejecting all plans of arbitration proposed by the Business Men's Committee, and also to the alleged fact that many people believe the courts show a disposition to favor the employes of the railroad company, in that the non-union trolley men who have been arrested for carrying and flourishing revolvers have been let off with comparatively small fines, while offenders against the company's interests have been heavily punished.

SCHOONER ABANDONED.

Crew Taken Off and Landed at Philadelphia—Vessel Towed Into Harbor.

By Telegraph to the Morning Star.

PHILADELPHIA, Feb. 2.—The steamship Grecian, which arrived here today from Boston, has on board Captain Blake and the crew of ten men of the schooner Lyman N. Law, from Norfolk for Boston. The Law was abandoned on January 31st, eight miles southeast of Highland light. The Law was found by the crew of the Pamet Life Saving station yesterday at anchor four miles off the station, apparently in good condition. The schooner is now in Provincetown harbor, where she was towed by the steamship North Star. The crew was taken off the Law by the Grecian in surf boats. The steamship was attracted to the schooner by the blowing of the latter's whistle. She hove to and the transfer was safely made. It is believed the schooner's crew became alarmed on account of a leak and seized the first opportunity of rescue offered them.

BOWEN'S REPLY TO THE ALLIES.

Refuses Point Blank to Accept Proposition for Their Preferential Treatment.

BY VENEZUELA GOVERNMENT

Suggests That It Be Submitted to The Hague Tribunal, in View of the Fact That it is the Only Question in Dispute--Answer Awaited.

By Telegraph to the Morning Star.

WASHINGTON, Feb. 2.—Herber W. Bowen, Venezuela's representative in the negotiations at Washington for a settlement of the claims against this country has sent through the British ambassador here a message which amounts practically to an ultimatum to the allied powers of Great Britain, Germany and Italy regarding their insistence for preferential treatment in the settlement of their claims against Venezuela. This note, which the British ambassador received shortly before 9 o'clock to-night, was cabled at once to London, copies of it being transmitted to the Italian and German embassies for transmission to Rome and Berlin. It is in reply to the proposition submitted at a joint conference of the negotiators this afternoon by the British ambassador, that the allied powers be allowed two-thirds of thirty per cent. of the customs receipts of the ports of LaGuaira and Port Cabello, and that the United States and the other claimant nations, France, Belgium, Holland, Spain and Norway and Sweden content themselves with the remaining one-third of this percentage, that is ten per cent. of the receipts of these two ports.

Refuses Point Blank.

In the note received by the British ambassador from Mr. Bowen to-night the latter refuses point blank to accept the proposition for a twenty and ten per cent. division on the ground that to recognize the principle it embodies would be absolutely offensive to modern civilization. In view of the fact that the negotiators are agreed on all save the question of preferential treatment the ambassador is informed that Venezuela has decided to submit that question to The Hague arbitration tribunal. A copy of this proposition, Venezuela contends, carries with it a raising of the blockade, the general understanding being that the blockade would end when the negotiators at Washington had reached an agreement.

It is understood that in refusing this last proposition submitted by the British ambassador on behalf of the allies Mr. Bowen takes the ground that he cannot accept in principle the contention that blockades and bombardments of forts and the consequent killing of helpless men, women and children entitles any power or alliance of powers to preferential treatment at the hands of a civilized nation.

It is claimed that should the peace powers and the blockade powers agree to such a principle, they would incorporate in the law of nations a doctrine in conflict with the tenets of all modern ethics. Moreover, Venezuela, it is stated, regards the preferential demand of the Powers as objectionable, because it would enable the continuance of the triple alliance of Great Britain, Germany and Italy for a period of six years or more, and in accepting it, Venezuela would be encouraging and abetting the maintenance of hostile alliances against herself. The British ambassador is informed in the note that Americans, north and south, want peace and not alliances.

The British Government.

Venezuela has taken special exception to the action of the British government in initiating this last proposition, by which Great Britain can hold fast to Germany and Italy in their alliance against Venezuela until the last cent of the claims is paid. The prediction is made in her response that surprise and regret of the keenest kind will be felt throughout the Americas when it is known that Great Britain has even proposed continuing her present alliance with Germany and Italy one moment longer than is necessary, particularly in view of her previous representations to the effect that she was anxious to end the Venezuelan dispute and call off the alliance at the earliest possible time.

In suggesting that the question of preferential treatment be referred to The Hague, it is understood that he does so in view of the fact that this question is the only one which remains in dispute. The allies are advised that Venezuela is desirous that all the negotiators shall stand by what has been already agreed upon.

The British ambassador declined to-night to make public the text of the note addressed to him, as it is in reality a note to the allied powers, but it became known that it was along the lines here set forth, and concluded with an appeal for justice to The Hague tribunal regarding the contention of the allies for preferential payment and an assertion that such action carry with it the raising of the blockade. Some significance may attach to the note, in view of the fact that before dispatching it to the British embassy Mr. Bowen was in conference with Secretary Hay.

Whether the allies will accept as final what Mr. Bowen has had to say or will assume a conciliatory attitude and ask as has been suggested, both by Mr. Bowen and by the representatives of the allies in this city, for preferential treatment a for limited period, no one in Washington feels competent to predict.

The position taken by Mr. Bowen, it is stated, has received the endorsement of all the united claimant nation in which number is included the United States.

At the joint conference this afternoon which occurred at 5 o'clock, besides Mr. Bowen, the Italian and British ambassadors, and the German minister, there was also present Count A. von Quadt, first secretary of the German embassy, who until the arrival of Baron von Sternberg, conducted with activity and judgment, the negotiations on behalf of his government.

SO-CALLED WHEAT SYNDICATE.

Alleged Swindlers Arrested in New York for Violating the Postal Laws.

By Telegraph to the Morning Star.

NEW YORK, Feb. 2.—On charges of violating the postal laws in connection with a so-called "wheat syndicate" through the operations of which subscribers were promised a profit of $900 in thirty days time on an investment of $50, four men were arrested to-day. The prisoners described themselves as Fernandano G. Gardner, a broker; Col. George Fales, a broker and member of the Produce Exchange; J. H. Evans, proprietor of the "Wall street press," and Henry G. Scarriver, a general advertising agent, formerly president of the Alaska Steamship Line. The detectives making the arrests seized the books of the concern, many circulars setting forth the merits of the syndicate and about a thousand letters, about half of which they say contained complaints from the subscribers to the syndicate that they had received no profits from their investment.

BAR-ROOMS IN MEXICO.

Authorities Gratified at Results of Closing Drinking Places on Sunday.

By Telegraph to the Morning Star.

MEXICO CITY, Feb. 2.—The authorities, on receiving the reports to-day of the results of the first Sunday closing of bar-rooms and all drinking places, were much gratified. All bar-rooms and public liquor shops were closed sharply at noon Sunday and no attempt was made in this city or any of the towns in the Federal district to evade the law. There were no rear or side entrances. Foreigners residing here were surprised to find the law so universally observed. The result on criminal statistics was at once felt, there having been only one-fifth of the usual number of arrests. To-night all bars were closed at 9 o'clock.

Save Our Young Women!

Thousands Employed in Our Large Departmental Stores and Public Offices Are Now Weak and Sickly.

Tell Them of

PAINE'S CELERY COMPOUND

Woman's Unfailing Regulator and Health Giver.

In the mammoth departmental stores and large public offices of our leading cities, there are thousands of young women employed. From the morning opening hour till these vast hives of trade close at night, these young women are expending their energy and strength in serving their masters and a critical public. Long hours, close confinement, imperfect ventilation, excitement, and brain worry, soon leave marks of creeping disease and sickness. Headache, sleeplessness, indigestion, constipation, neuralgia, rheumatism, and nervousness make the lives of young women miserable and almost unbearable. In thousands of cases the traces of terrible blood troubles are seen in the faces of those who should look comely and attractive.

To the class of suffering young women just referred to, we would say that Paine's Celery Compound is a blessed agent of health and womanly vitality. This medicine is a positive and true nerve food and system cleanser. It corrects any tendency to constipation; it tones the stomach, keeps digestion perfect, the brain feels the strengthening effects of the superb nutrition it affords, natural and refreshing sleep takes the place of insomnia, and the rose blush is brought to the place. We urge upon all sickly and weak young women the necessity of Paine's Celery Compound for their peculiar ailments It has made thousands strong; it will give you the same happy results.
